February 6, 2017

Dear Miller Families,

As some of you may be aware our scorecard status this year was orange, this was due to a clerical error. The state would not reverse this status despite our efforts to appeal. Unfortunately, the report that was published in newspapers only showcased the color and did not show any of our proficiency scores.

We would like to share part of the scorecard you did not see:

**Miller Elementary exceeded ALL Proficiency Targets  
 Proficiency Targets are set by the State of Michigan**

<b>Miller Proficiency Scores</b>	<b>Proficiency Targets Set for Miller by the state</b>
<b>Math 73.4%</b> <b>ELA 68.9%</b> <b>Science 30.7%</b> <b>Social Studies 48.8%</b> <b>Attendance 95.34%</b>	Math 48.28% ELA 48.89% Science 15% Social Studies 20.24% Attendance 90%

We are very proud of our staff and students hard work and dedication. Our scorecard color does not reflect our true achievements. **Based on our total scorecard points, we should have been lime green for the third year in a row.**

The orange status does not have any effect on our staff or students; it does not make us a focus school or jeopardize our accreditation in any way. This is the last year of scorecard reporting; next year schools will be given a letter grade. How the grades will be calculated is yet to be determined by the Michigan Department of Education. The earliest school districts will know how the new grades will be determined will most likely be in the summer or fall of 2017.

We at Miller Elementary are dedicated to being lifelong learners constantly working to perfect our professional practice and always being completely committed to our students!

Sincerely,  
  
 Mrs. Robinson  
 Principal
